

# FINANCIAL ASSISTANCE FOR CHILD CARE

There are many types of financial assistance to help pay for child care in Massachusetts. The most common types of financial assistance are listed below. For more information about subsidy options or to get on the central waitlist, please call the Child Care Resource Center at 617-547-1063 x504.

## STATE SUBSIDY

The Department of Early Education and Care (EEC) has several programs to help low-income families pay for child care. The two subsidy programs all use the same centralized waitlist. They are:

- **Income Eligible Vouchers** - Vouchers are funded through EEC and managed by local Child Care Resource & Referral (R&R) Agencies like the Child Care Resource Center
- **Contracted slots** - Licensed programs hold direct contracts with EEC to provide subsidized child care.

In order to access these two types of EEC financial assistance, your family must meet income guidelines, and have a service need as outlined by EEC. Parents may pay a portion of the child care fees which is determined by family size and the gross monthly income of the family. The chart below shows you current income eligibility by family size. Families with a parent or child who has special needs meet different income requirements. Please call us to discuss your family's eligibility.

Family Size	Maximum Annual Income
2	\$31,740
3	\$39,208
4	\$46,676
5	\$54,144
6	\$61,612

If you are interested in receiving a state subsidy, the first step is to get on the waitlist. To get on the waitlist, call your local Resource and Referral Agency (R&R). Your local R & R agency is the Child Care Resource Center if you live in: **Arlington, Belmont, Cambridge, Newton, Needham, Somerville, Watertown, Wellesley, Weston**. Call the Parent InfoLine at 617-547-1063 x504 to get put on the waitlist. If you live outside of this area, call 1-800-345-0131 to find your Resource and Referral Agency.
